Santa's Grotto

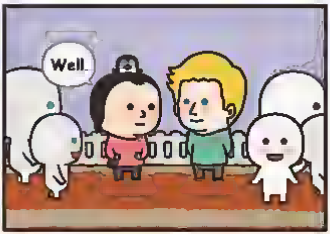
Shopping centres are always well decoreted in December because of Christmas.

On this year especially,
many picturesque Santa's grottos
caught my eye.

As it's a pretty rare thing in Korea,...

... I've never been in Santa's grotto before.

Mev found out so he pushed me into the ticket box.



There were many small kids with their parents in the queue.

Anyway finaliy
it was our turn to visit Santa.

We were escorted by an elf to his room
and we went inside.

I saw that his eyes were shook by confusion and it seemed like he was trying to figure out who he needed to talk to.

So I quickly gave this information to explain why we were there.

After I said that,
Santa asked me some questions.

A blender

Ho-ho-ho.
What will you do this Christmas?

Like this,
we talked with him for about
3 minutes and ..

... left his room with
candy canes in our hands.
I told Mev.

I thought that being an adult was still fine on the day.
